Professionalism in tiling services

PROFESSIONAL Tiling Services (PTS) is one of Canberra's largest tiling and waterproofing companies. PTS provides commercial and domestic services including indoor and outdoor floor and wall tiling, waterproofing, soundproofing, siliconing, mosaic and stone work.

Established by managing director Braden Shields in 1993, PTS has 18 full-time tradespeople and employs crews of up to 30 subcontractors.

All of PTS's tilers are fully-qualified and experienced tradesmen with full certification in the application of all DAVCO and ABA waterproofing membranes.

PTS has been Prestige Building Services' (PBS) selected tiler for more than 10

years and recently completed one of its largest contracts for the PBS, the builder of Monarch Apartments.

PTS had crews of up to 20 staff working on the project full-time, undertaking all external and internal waterproofing, screening and soundproofing.

"This has been one of the most challenging and rewarding jobs we've completed for PBS," said Mr Shields.

"We pride ourselves on providing the highest quality of workmanship and professionalism."

The company is currently tiling the Gungahlin Units for PBS, which is an apartment complex of 101 units.

For more information, phone Braden Shields at Professional Tiling Services on 0412 620 156.

Commitment to the crane industry

TITAN Cranes & Rigging Pty Ltd (Titan) was formed to provide the construction industry with a unique one-stop crane hire company alternative. Titan provides expertise in all facets of crane hire from erecting, commissioning, dismantling and servicing of tower cranes.

"The benefit in dealing with us is that you only have one contact for any issues, and therefore one company is accountable," said Titan manager David Sherlock.

The company provides crane and hoist rentals and "new" crane sales to the Australian market. The company's dedication and commitment to the crane industry has been recognised by Jaso Cranes from Spain, which appointed Titan as the Australasian agent.

"Titan is backed by a team of

experienced, qualified personnel, second to none within the crane industry," said Mr Sherlock.

"It is our aim to provide the construction industry with a company that provides personnel and material equipment to building sites to ensure deadlines are met."

Titan provided the tower crane and hoists for the Monarch Apartments project.

Mr Sherlock said Titan would like to express their thanks to Michael Barry from Prestige on the Northbourne site.

"It has been a pleasure working with such a professional organisation," said Mr Sherlock.

For more information phone Titan Cranes & Rigging Pty Ltd on (02) 9318 9799.
